[3241]

RAKE HANDLES

PARSETT provides handles in both full sizes of aluminum and fiberglass. The aluminum handle has a powder-coated, colorful finish that will not fade or chip over time. On the other hand, the fiberglass handle is made using a filament weaving process, which makes it different from the usual pultruded fiberglass handles. It is lighter and does not splinter, ensuring a safe and comfortable grip.

Order information:

32101 Aluminium handle 137cm

32102 Fiberglass handle 137cm

32103 Fiberglass handle 183cm

32104 Aluminium handle 244cm

32105 Bended aluminium handle 163cm

LONG-HANDLE RAKE
